PREFACE

The West Haven Youth Soccer League exists to teach, develop, promote, and govern youth soccer activity in the City of West Haven. Primary emphasis is on the **participation and development** of all registered players. Over the past years it has grown from a small soccer organization with just a few enthusiastic participants into more than 1,100 players and 100 coaches from all over West Haven.

This manual has been written to assist players, parents, coaches and others interested in the West Haven Youth Soccer League in getting the maximum benefit from the program by becoming familiar with the League, its policies, philosophy, operation, and goals. The manual provides information on what is expected of all who participate. If there are questions not answered please feel free to contact the League's board members.

SECTION I

INTRODUCTION AND GOALS

Soccer is a team game of continuous action. Although part of a team, each player is nevertheless clearly an individual with a style and set of skills all his or her own. Speed, agility, endurance, teamwork and soccer skills, rather than physical size, are the crucial factors in successful play.

In creating and running the West Haven Youth Soccer program, the League has the following primary goals:

1. To accommodate every child who wants to play soccer regardless of ability level.
2. To develop skills necessary for individual and team play.
3. To promote a player's appreciation of soccer.

Along with physical fitness and the development of fundamental skills, the League stresses building lasting friendships, good sportsmanship, and the sheer fun of participation. Winning is considered important for developing a healthy competitive attitude and team spirit; HOWEVER, it is less important than having each child participate, develop up to his or her own capacity, and enjoy the experience.

SECTION II

OBJECTIVES AND POLICIES

A. Coaching Approach

Soccer is a multi-year building process in which individual and group skills must be taught and practiced. The League's program emphasizes practice sessions where basic skills are taught. Sessions are broken down into drills on component skills: dribbling, passing, shooting, heading, receiving, tackling, throw-ins, and goaltending. Each player is taught each of the skills.

Every effort will be made to keep the size of the teams manageable. This allows for more personal attention at practice and for more player time in games.

When games are played, it is the policy of the League that each player who complies with their team's policy for attendance at practice MUST play at least half the game on the recreation level.

Soccer is a game which can teach many types of skills. The League feels it is important to have players become familiar with all field positions. The League believes it is a mistake to "pigeon hole" a youth soccer player into one role on the team, unless he or she so desires. During games and practices, coaches rotate players among the various positions on the field.

Coaches and their assistants come with a wide spectrum of experience. Regardless of background, each takes on certain responsibilities by becoming a coach. Among these are:

1. Becoming proficient in soccer rules, skills, and tactics.
2. Designing and supervising practice sessions.
3. Attending coaches clinics and meetings.
4. Contacting players regarding practices, games, and special outings (ex. Memorial Day Parade).
5. Conducting themselves during practices and games in a manner which exemplifies responsibility and sportsmanship.

Parents are reminded of the tremendous commitment of time, spirit and energy that each coach gives to his team. Their job can be made easier by offers of assistance at practice sessions, making phone calls, distributing uniforms, etc. Their job can also be made more difficult by criticism. Be a parent that offers help, not criticism.

B. Player Responsibilities

The West Haven Youth Soccer League recognizes that young players have a wide range of soccer skills, not to mention a mix of apprehensions and enthusiasm. It is up to each individual to accept the responsibility of belonging to a team. Cooperation and respect for all teammates, opponents, and referees are essential elements of good sportsmanship.

In addition to practicing good sportsmanship, the League expects each player to be:

1. Present at all games and practices. (Players should notify coaches if this is not possible)
2. Punctual
3. Attentive
4. Cooperative with other team members and coaches
5. Dressed in clean uniforms for games

Players are also responsible for arranging transportation to and from practice and games. For reasons of safety, players should not chew gum or candy at practice or games, and **jewelry may not be worn.**

C. Parent Responsibilities

Parents are the key to the success of the soccer program. At a minimum the League looks to parents to supervise their children in meeting their responsibilities, especially getting them to and from practice and games on time and encouraging them to practice their skills away from practice and games.

Coming to watch your children at both practices and games is of importance. This point is as true for older players as well as young players. **While attending games, parents and other spectators are expected to display respect for all players, coaches, and referees. Failure to do so may result in dismissal from the field.**

SECTION III

GENERAL INFORMATION

A. Season, Schedule, and Registration

The soccer year consists of Fall and Spring seasons. The Fall season starts the weekend after Labor Day and runs until late October. The Spring season runs from early April to late June.

For the Fall season, registration forms are mailed to each player already participating in the Spring season. The registration period for the Spring season is held during two weekends of January. All forms must be returned on or before the date listed on the registration letter. New players are accepted on a space available basis.

The registration fee goes to offset the cost of player's uniforms, balls, nets, club supplies, insurance, referees, and other expenses. The fee collected from players does not cover all League expenses. The league relies on the generosity of our sponsors to assist in covering expenses. We encourage all coaches, players and parents to assist the league in finding sponsors.

Part of the registration form is a parental permission signature. This form must be completed before the player participates in either a practice or game.

B. Divisions

In accordance with the Connecticut Junior Soccer Association's (CJSA) rules, players are divided by age into divisions. Games are played between teams in the same age division.

Below you will find the divisions:

G Division(Boys) - In town	5-6 Years old
G Division (Girls) - In town or depending upon enrollment	5-6 Years old
G Division (Coed) - In town	5-6 Years old
F Division (Boys) - In town	7-8 Years old
F Division (Girls) - In town	7-8 Years old
E Division (Boys) - In town	9-10 Years old
E Division (Girls) - In town	9-10 Years old
CD Division (Boys) - In town	11-15 Years old
CD Division (Girls) - In town	11-15 Years old
D Division (Boys) - Travel	11-12 Years old
D Division (Girls) - Travel	11-12 Years old
C Division (Boys) - Travel	13-15 Years old
C Division (Girls) - Travel	13-15 Years old
B Division (Boys) - Travel	15-16 Years old
B Division (Girls) - Travel	15-16 Years old
A Division (Boys) - Travel	17-18-19 Years old
A Division (Girls) - Travel	17-18-19 Years old

Age is determined by subtracting the year in which the player was born from the year in which January between the fall and spring season falls.

For example for the Fall 2017 - Spring 2018 season the players birth year would be subtracted from 2018.

C. Player Equipment

Shortly after the start of the season, the League will provide each player with a team shirt. Players will provide their own shorts. Players may keep their shirt at the conclusion of the season. The League expects all players to come to games with clean uniforms. Pride in team appearance is important to developing team spirit.

The League requires that players purchase shinguards and soccer shoes with rubber cleats or sneakers. **Shin guards are mandatory for all players.** The shin guards **MUST** be worn under the socks. If a player fails to wear their shin guards they cannot practice or play. Additionally, metal cleats are not allowed. The shoes and shin guards are crucial to the quality and safety of play.

Soccer practice is more fun and effective if each child has a ball with which to practice. While not a requirement, each player is encouraged to bring a soccer ball to every practice.

If a ball is purchased, please be sure it is clearly marked with the player's name and that the player is aware that he or she is responsible for keeping track of it. The following sizes are recommended:

<u>DIVISION</u>	<u>BALL SIZE</u>
G	3
F thru D	4
C thru A	5

D. Opportunities for Participation

Parents and other volunteers are welcome and encouraged to participate in League activities. In fact, their VOLUNTEER EFFORT IS VITAL TO THE SUCCESS OF THE SOCCER PROGRAM. Among the general ways to become involved are:

1. Assisting in practice session when possible
2. Transporting players to and from games
3. Assisting in telephoning players and parents
4. Providing refreshments at games

More specifically, volunteers may take a more active part by becoming:

1. A coach
2. An assistant coach
3. A referee
4. A committee member
5. A team parent

E. Lost and Found

Throughout each soccer season many articles of clothing and equipment are left behind by players. If an item is marked with the player's name, it will be traced back to him. When missing an item, the player should contact his or her coach. Coaches will be notified of Lost and Found stations for each field. Items not claimed at the end of the season will be donated to a local charity.

SECTION IV
